DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Specification

2. The abstract of the disclosure is objected to because of the use of the legalese language "comprises". Correction is required. See MPEP § 608.01(b).

The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Allowable Subject Matter

Claims 1-27 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claims 1, 10, and 19, the prior art of record neither shows nor suggest a discharge lamp comprised of, in part, thereof, a plurality of conductive micro-tips and an electron-emitting film which supports said plurality of conductive micro-tips and is made of a material whose secondary emission efficiency is higher than that of a material for the conductive micro-tips with respect to the discharging gas, along with the rest of the limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Due to their dependency, claims 2-9, 11-18, and 20-27 are necessarily allowable.

Conclusion

4. This application is in condition for allowance except for the following formal matters:

Please refer to the above Action.

Prosecution on the merits is closed in accordance with the practice under *Ex* parte Quayle, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
